Telephone number:

### EDUCATIONAL STATUS

**I am currently:**

a graduate student in a Master's program

a graduate student in a Doctoral program

a post-doctoral fellow

not enrolled at a post-secondary institution

Name of institution:

Name of graduate program (if applicable):

Name of affiliated department (if applicable):

## RESEARCH INTERESTS

**Please share a short statement on your research interests and plans (100 word maximum).**

### **To which research question are you applying?**

- A- How do perceptions and use of urban form intervention vary by gender and age, and by COVID phase?
- B- How do we measure changes in urban form over time? How do we measure changes in human behaviour over time? What is meaningful change?
- C- How does the nature of one's social network relate to daily mobility, and usage of urban form interventions?
- D- How are different environments associated with mood and well-being?
- E- What are participants' experience of place as it pertains to physical activity, social connectedness, and well-being?
- F- How does trip frequency during the different phases of COVID-19 pandemic relate to satisfaction with physical activity, social connections, and state of well-being for different population groups?
- G- How are policy and implementation decisions made with respect to built environment interventions, and how are health and equity considered?

**Please describe how your skills and experience equip you to lead analysis on the research question selected above (250 words max).**
